

Gill Hayes

Certificate in Education
Post Compulsory

“ I chose the Cerd Ed course after completing and enjoying the CTTLS course. The tutors were very approachable and offered honest feedback, the support was excellent and very helpful. I couldn't praise them enough. As a close group we all supported each other too, we all had life experiences that we could put together to help each other with different aspects of the course. Completing the course has allowed me to alter my current job role, which in turn has resulted in an increase in my salary”
